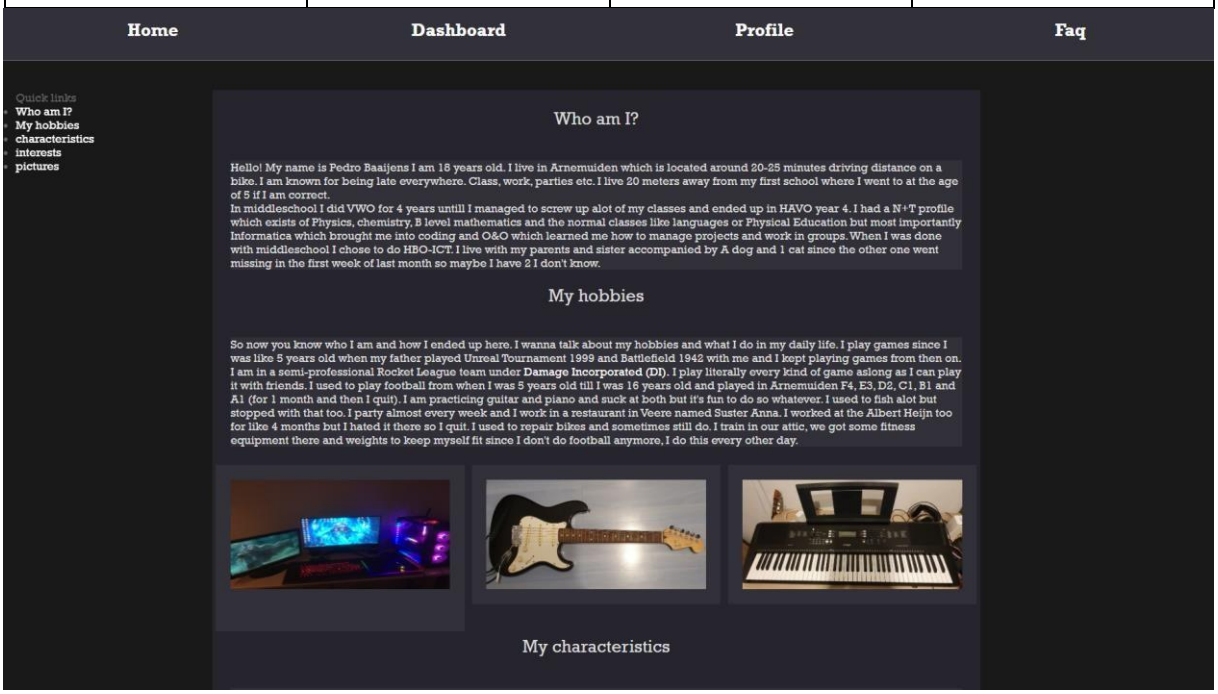
Positive feedback that I agree with	Positive feedback that I do not agree with	Negative feedback that I agree with	Negative feedback that I don't agree with
	Professional look of the website.		
	Code quality		
	Adaptibility		
	creativity		



Tot nu toe zie ik de opleiding wel zitten. Ik moet individueel nog veel te weten komen over coderen. Bijvoorbeeld manieren hoe je het beste kan beginnen met coderen als je een idee in je hoofd hebt. De foundation goed doen, weten hoe je je code zo flexibel mogelijk kan maken, hoe je er voor kan zorgen dat het duidelijk te lezen is voor andere mensen en weten hoe ik mijn code zodanig kan aanpassen zonder dat het niet meer werkt. Naast het individuele wil ik graag projecten doen in groepsverband om meer ervaring op te doen in hoe je werkt in groepen en samen een deadline kunnen trekken en halen. HBO-ICT lijkt mij een goede opleiding om dit te leren en mezelf in te verbeteren.

Website

In the next 5 minutes, mark the following subjects by asking questions. Students can include examples in their presentation. If necessary, provide feedback for the student below tables.

1. Pages

Website is obviously missing important content	All necessary pages are there with content	Content in all the pages is clear and meaningful

2. Personal dashboard

Does not exist or does not meet requirements	Consists of a table with all courses and related exams in a structured way	Also contains links to useful websites like Learn.hz, study progress page in my.hz

3. Development environment

Very basic editor, no web server, no easy way to work in a folder with multiple files	Good code editor. Website hosted from computer. Can easily work with multiple files in a folder	Good code editor, website hosted on URL or IP address. Can easily work with multiple files in a folder

4. Code quality

Code is a mess	Meaningful naming of files and code. Code is generally clear. Care for indenting, capitalisation and structure of code and files.	Code and files are well structured. Great care has been taken for good naming and indenting.

5. Adaptability

Big changes like colour of text, colour of background, font size of all text, etc.

It's hard and complex to change i.e. text colour	Change of i.e. text colour can be done within a minute	Change of i.e. text colour can be done within seconds

Evaluation of pitch and website

Student name	PEDRO
Evaluated by	GREG ELLIOTT

Pitch

In the pitch of about 5 minutes, mark the following four categories and provide feedback for the student.

1. Creativity

On a scale of 1 to 5, how much do the website and pitch exhibit creativity? Think of original points of view, used resources, layout and design, and other "wow" factors.

1	2	3	4	5

2. Presentation

On a scale of 1 to 5, how professional is the student? Think of body composure, speaking technique, timing, use of resources, clothing, manner of presenting.

1	2	3	4	5

3. Professionality

On a scale of 1 to 5, how professional does the website look? Is it clear to read and to look at? Is it understandable and usable?

1	2	3	4	5

4. Motivation

On a scale of 1 to 5, how motivated does the student appear for the ICT domain and programme?

1	2	3	4	5

Feedback

A PROFESSIONAL - LOOKING WEBSITE.
PREPARED TO EXPERIMENT WITH
DIFFERENT CODING TECHNIQUES.
